EDUCATION

Master of Computer Applications (MCA) <i>RSMT UP College Campus (Affiliated with AKTU)</i>	2024 - 2026 (Expected) CGPA - 8.13
Bachelor of Science (B.Sc.) <i>Mahatma Gandhi Kashi Vidyapith University</i>	2020 - 2023 Agg - 67.0%
Higher Secondary (12th Grade) – CBSE <i>Army Public School - Varanasi</i>	2019 - 2020 Agg - 86.0%

EXPERIENCE

Project Developer Grow My Therapy	Jan 2026 – Feb 2026
<ul style="list-style-type: none">Consulting Skills & Client Knowledge: Collaborated directly with the client to develop a superior understanding of project provisions for the 'Grow My Therapy' platform, identifying opportunities for digital knowledge enhancement.Timely & Quality Delivery: Prioritized work as required to effectively respond to client needs, ensuring on-time and accurate delivery of project milestones as per Service Level Agreements (SLA).Adaptability & Process Adherence: Delivered on new and ad-hoc frontend tasks promptly to meet client goals, following all predefined procedures and exceeding performance parameters.	
Frontend Development Intern ProDesk-IT	June 2025 – July 2025
<ul style="list-style-type: none">Client Service & SLA Targets: Developed and optimized responsive frontend architectures using modern web tools, ensuring all tasks were delivered to high standards of quality and timeliness.Adaptability & Continuous Learning: Demonstrated adaptability and flexibility by rapidly acquiring new development skills and seamlessly applying them to enhance project layouts and user interfaces.Collaboration & Feedback: Participated actively in daily huddles and status meetings, seeking and accepting feedback from mentors to enhance technical capabilities and ensure supporting documentation was updated.	

PROJECTS

TruthCheck.AI - Real-Time Fake News Detection <i>React, Node.js, LLM APIs</i>	Source Code
<ul style="list-style-type: none">Engineered a real-time "Real vs. Fake" classification system with dynamic routing, processing over 500+ queries daily and integrating LLMs for context generation while ensuring a 99% API success rate.Implemented client-side routing in React for seamless navigation without page reloads, enhancing overall platform knowledge delivery and improving data rendering speed by 40%.	
UI Generator - Automated Interface Builder <i>React, Node.js, Tailwind CSS</i>	Source Code
<ul style="list-style-type: none">Engineered a dynamic UI generator to automate component creation for ad-hoc frontend tasks, significantly accelerating project timelines and reducing manual UI coding efforts by 50%.Optimized the architecture for quick responsiveness, ensuring state updates render instantly without reloading to create a 100% adaptive workspace that improved team development speed by 40%.	
Dr. Reynolds Website - Client-Centric Web Application <i>HTML5, CSS3, JavaScript, UI/UX Design</i>	Source Code
<ul style="list-style-type: none">Gathered requirements to design a custom, 100% responsive website capturing the client's brand identity, demonstrating a strong focus on client service and plan provisions across 15+ device types.Optimized DOM manipulation with modern JavaScript, conducting rigorous Quality Assurance to reduce initial page load times by 35% and ensure a fast interface responding to client needs in a timely fashion.	

TECHNICAL & FUNCTIONAL SKILLS

<ul style="list-style-type: none">Technical Stack: React.js, Node.js, Express.js, MongoDB (MERN), JavaScript, Python, HTML5, CSS3, Bootstrap, Tailwind CSS.Tools & Platforms: Git, GitHub, MS-Office, WordPress.Functional Competencies: Consulting Skills, Client Knowledge & Service, SLA Management, Adaptability and Flexibility, Cross-cultural Competence, Coaching and Recognition, Process Adherence.Soft Skills: Effective Communication, Problem Solving, Teamwork, Prioritization, Ad-hoc Task Delivery.
